

Autumn Blaze Maple

# Large Stock

## Spring 2019 Tree Program

### FREE Tree Workshop

Tuesday, January 29, 2019

6:30pm

Civic Centre, Room C

360 Fairview Avenue West, Essex

Please pre-register at [essexregionconservation.ca](http://essexregionconservation.ca)

### Tree Order Deadline

Friday, March 1, 2019

Invoices will be mailed and must be paid in full  
by April 15, 2019.

## About

If you are interested in planting your property with larger trees, then the Spring Large Stock Program may be for you. The Essex Region Conservation Authority offers 175 to 200cm tall native hardwood trees (deciduous) and 40 to 120cm tall evergreens and potted native shrubs.

## Eligibility

1. Own at least 1 acre of land in a single property within ERCA's watershed.
2. Order a minimum of 15 trees. Hardwood trees must be ordered in bundles of 5 for each species ordered.

## Our Standards

We work closely with our private sector nursery partners to ensure:

- Product quality
- Proper storage and transportation of trees
- Trees are in excellent condition at time of pick up

## Ordering

### Minimum

15 trees, any combination of hardwoods, evergreens or shrubs.

### Deadline

Orders must be received by Friday, March 1, 2019.

### Order Pickup

Customers will be notified by mail when trees are ready to be picked up. Typically tree pickup dates coincide with a weekend at the end of April. Notification packages include invoice information, payment instructions, pickup dates, times and locations along with maps.

#### Note

Once the trees leave the facility, we are unable to extend a guarantee on tree survival.

## Native Shrubs

Shrubs are excellent for wildlife, cover and food, have multiple stems and tend to grow as wide as they do tall.

 Can be ordered in single units per species and come in pots.

Leaf	Name	Price	Height	Description
	Highbush Cranberry	\$16.00	80cm	<ul style="list-style-type: none"> <li>Prefers moist areas</li> <li>Berries for wildlife</li> <li>Maple-like leaf</li> <li>8 to 12ft in height and spread</li> </ul>
	Buttonbush	\$15.50	40cm	<ul style="list-style-type: none"> <li>Small shrub, 9ft in height</li> <li>Prefers a wetter site</li> <li>Source of food and shelter for wildlife</li> </ul>
	Nannyberry	<b>Sold Out!</b>		<ul style="list-style-type: none"> <li>Prefers ditch edges and wet areas</li> <li>Berries for wildlife</li> <li>Up to 18ft in height and 6 to 10ft in spread</li> </ul>
	Winterberry Holly	<b>Sold Out!</b>		<ul style="list-style-type: none"> <li>Perfect for wet or poorly drained sites</li> <li>Also grows well in drier soils</li> <li>3 to 15ft in height</li> </ul>
	Serviceberry	\$16.00	80cm	<ul style="list-style-type: none"> <li>Small, native tree or shrub</li> <li>Beautiful flowers followed by edible berries</li> <li>Orange and red fall colours</li> </ul>

## Evergreens

There are only two native evergreens to Essex County: Red Cedar and White Pine. These evergreens will perform well when planted in the proper site. During times of drought, these trees will need extra care and watering.

 Can be ordered in single units per species and are balled & burlap wrapped or potted.

Leaf	Name	Price	Height	Description
	White Cedar	\$16.85	80cm	<ul style="list-style-type: none"> <li>Makes dense windbreak</li> <li>Tolerates a variety of soils, suffers in poorly drained areas</li> <li>Mature height of 30ft</li> </ul>
	White Pine	\$16.25	60cm	<ul style="list-style-type: none"> <li>Occurs naturally at Point Pelee</li> <li>Requires well-drained, sandy sites for best growth</li> <li>Soft, long needles</li> </ul>
	White Spruce	\$14.85	60cm	<ul style="list-style-type: none"> <li>Forms a less dense windbreak than cedar but still suitable for windbreaks</li> <li>Requires well-drained soil</li> <li>Typical 'Christmas tree' form</li> </ul>
	Norway Spruce	\$14.25	60cm	<ul style="list-style-type: none"> <li>Will tolerate clay, rocky and dry soils</li> <li>Mature height of 80ft</li> </ul>
	Red Cedar	<b>Sold Out!</b>		<ul style="list-style-type: none"> <li>Native to the Essex region</li> <li>Member of the Juniper family</li> <li>Tolerant of hot and dry conditions</li> <li>Narrow form</li> </ul>

## Native Hardwoods

The hardwoods listed below are some of the native Carolinian trees of the Essex region. When planted in the proper site, they will offer many benefits such as shade, cleaner air and habitat for wildlife.

Native Hardwoods must be ordered in quantities of 5 per species and are bare root trees that have been lifted from the ground with no soil around their roots.

Leaf	Name	Price		Height	Description
		PER TREE	PER 5 TREES		
	Red Maple	\$24.00	\$120.00	175cm	<ul style="list-style-type: none"> <li>• Brilliant orange, red fall colours</li> <li>• Green leaves during summer</li> <li>• Prefers better drained sites</li> </ul>
	Silver Maple	\$26.00	\$130.00	175cm	<ul style="list-style-type: none"> <li>• Fast-growing tree</li> <li>• Will grow on most sites</li> <li>• Great tree for wildlife</li> </ul>
	Sugar Maple	<b>Sold Out!</b>		175cm	<ul style="list-style-type: none"> <li>• Stunning fall colours</li> <li>• Prefers well drained soils such as loams and sands</li> <li>• Our national emblem</li> </ul>
	Autumn Blaze Maple	\$32.50	\$162.50	200cm	<ul style="list-style-type: none"> <li>• Native cross between Red and Silver Maple</li> <li>• Fast-growing and drought tolerant qualities of a Silver Maple</li> <li>• Beautiful fall colours of a Red Maple</li> </ul>
	Red Oak	\$32.75	\$163.75	175cm	<ul style="list-style-type: none"> <li>• Prefers moist loams</li> <li>• Relatively fast-growing</li> <li>• Will grow to height of 80ft</li> </ul>
	Bur Oak	\$32.75	\$163.75	200cm	<ul style="list-style-type: none"> <li>• Prefers clay soils</li> <li>• Acorns are a favourite for wildlife</li> <li>• Interesting corky ridged twigs</li> </ul>
	Sycamore	\$31.00	\$155.00	200cm	<ul style="list-style-type: none"> <li>• Fast-growing and grows well in any soil type</li> <li>• Great for planting on flood plains</li> </ul>
	Swamp White Oak	\$36.75	\$183.75	200cm	<ul style="list-style-type: none"> <li>• Generally found in wetter sites, but grows well in ground that dries periodically</li> <li>• Resistant to heat and drought</li> </ul>
	Basswood	<b>Sold Out!</b>		175cm	<ul style="list-style-type: none"> <li>• Grows on a variety of sites (floodplains, ravines, fencerows)</li> <li>• Seeds are very important to most wildlife</li> <li>• Great shade tree &amp; great for pollinators</li> </ul>
