

Autumn Blaze Maple

Large Stock

Spring 2021 Tree Program

Tree Workshop

Stay tuned for online dates

Please pre-register at essexregionconservation.ca

ERCA Offices are closed due to COVID-19

All correspondence should be by email, mail, fax, or phone. Payment information will be received over the phone after orders are received.

Tree Order Deadline

Friday, February 26th, 2021. Invoices will be mailed and must be paid in full by April 2, 2021.

About

If you are interested in planting your property with larger trees, then the Spring Large Stock Program may be for you. The Essex Region Conservation Authority offers 175 to 200cm tall native hardwood trees (deciduous) and 40 to 120cm tall evergreens and potted native shrubs.

Eligibility

Own at least 1 acre of land in a single property within ERCA's watershed.

Our Standards

We work closely with our private sector nursery partners to ensure:

- Product quality
- Proper storage and transportation of trees
- Trees are in excellent condition at time of pick up

Ordering

Minimum

Minimum 15 trees, any combination of hardwoods (in quantities of 5), evergreens, or shrubs

Deadline

Orders must be received by Friday, February 26th, 2021.

Order Pickup

Customers will be notified by mail when trees are ready to be picked up. Typically tree pickup dates coincide with a weekend at the end of April. Notification packages include invoice information, payment instructions, pickup dates, times and locations along with maps.

Note

Once the trees leave the facility, we are unable to extend a guarantee on tree survival.

Evergreens

There are only two native evergreens to Essex County: Red Cedar and White Pine. These evergreens will perform well when planted in the proper site. During times of drought, these trees will need extra care and watering.

Can be ordered in single units per species and are balled & burlap wrapped or potted.

Leaf	Name	Price	Height	Description
	White Cedar	Sold Out!		<ul style="list-style-type: none"> Makes dense windbreak Tolerates a variety of soils, suffers in poorly drained areas Mature height of 30ft
	White Pine limited quantity	\$17.00	60cm	<ul style="list-style-type: none"> Occurs naturally at Point Pelee Requires well-drained, sandy sites for best growth Soft, long needles
	Norway Spruce	Sold Out!		<ul style="list-style-type: none"> Will tolerate clay, rocky and dry soils Mature height of 80ft
	Red Cedar limited, 1 left	\$17.10	60cm	<ul style="list-style-type: none"> Native to the Essex region Member of the Juniper family Tolerant of hot and dry conditions. Narrow form

Native Shrubs

Shrubs are excellent for wildlife, cover and food, have multiple stems and tend to grow as wide as they do tall.

Can be ordered in single units per species and come in pots.

Leaf	Name	Price	Height	Description
	Highbush Cranberry	\$13.75	50cm	<ul style="list-style-type: none"> Prefers moist areas Berries for wildlife Maple-like leaf. 8 to 12ft in height and spread
	Buttonbush	\$14.00	50cm	<ul style="list-style-type: none"> Small shrub, 9ft in height Prefers a wetter site Source of food and shelter for wildlife
	Nannyberry	\$18.00	120cm	<ul style="list-style-type: none"> Prefers ditch edges and wet areas Berries for wildlife Up to 18ft in height and 6 to 10ft in spread
	Winterberry Holly	Sold Out!		<ul style="list-style-type: none"> Perfect for wet or poorly drained sites Also grows well in drier soils 3 to 15ft in height
	Serviceberry	\$16.50	100cm	<ul style="list-style-type: none"> Small, native tree or shrub Beautiful flowers followed by edible berries Orange and red fall colours
	American Elderberry	\$14.50	75cm	<ul style="list-style-type: none"> Best in moist sites Berries for wildlife Spreads profusely. Variable size up to 12 feet
	American Hazlenut	\$16.00	60cm	<ul style="list-style-type: none"> Prefers light (sandy) drier soils 7-10 ft in height and spread Edible nuts for Humans and Wildlife

Leaf	Name	Price	Height	Description
	Black Chokeberry	\$12.00	40cm	<ul style="list-style-type: none"> • 5-8 ft in height and spread • Prefers wet sandy –clay soils • Small clusters of white flowers • Great for pollinators and birds
	Silky Dogwood	\$11.75	60cm	<ul style="list-style-type: none"> • 6-10 feet in height and spread • Variable soils, but prefers wet areas • Small white flowers, and purple berries • Great for pollinators and birds

Native Hardwoods

The hardwoods listed below are some of the native Carolinian trees of the Essex region. When planted in the proper site, they will offer many benefits such as shade, cleaner air and habitat for wildlife.

Native Hardwoods must be ordered in quantities of 5 per species and are bare root trees that have been lifted from the ground with no soil around their roots.

Leaf	Name	Price		Height	Description
		PER TREE	PER 5 TREES		
	Red Maple	Sold Out!		175cm	<ul style="list-style-type: none"> • Brilliant orange, red fall colours • Green leaves during summer • Prefers better drained sites
	Silver Maple	\$31.00	\$155.00	200cm	<ul style="list-style-type: none"> • Fast-growing tree • Will grow on most sites • Great tree for wildlife
	Sugar Maple	Sold Out!		175cm	<ul style="list-style-type: none"> • Stunning fall colours • Prefers well drained soils such as loams and sands • Our national emblem
	Autumn Blaze Maple	Sold Out!		175cm	<ul style="list-style-type: none"> • Native cross between Red and Silver Maple • Fast-growing and drought tolerant Silver maple qualities • Beautiful fall colours of a Red Maple
	Red Oak	\$37.00	\$185.00	175cm	<ul style="list-style-type: none"> • Prefers moist loams • Relatively fast-growing • Will grow to height of 80ft
	Bur Oak	Sold Out!		175cm	<ul style="list-style-type: none"> • Prefers clay soils • Acorns are a favourite for wildlife • Interesting corky ridged twigs
	Sycamore	Sold Out!		175cm	<ul style="list-style-type: none"> • Fast-growing and grows well in any soil type • Great for planting on flood plains
	Swamp White Oak	Sold Out!		175cm	<ul style="list-style-type: none"> • Generally found in wetter sites, but grows well in ground that dries periodically • Resistant to heat and drought
	Basswood	Sold Out!		175cm	<ul style="list-style-type: none"> • Grows on a variety of sites (floodplains, ravines, fencerows) • Seeds are very important to most wildlife • Great shade tree & great for pollinators
	White Oak	Sold Out!		175cm	<ul style="list-style-type: none"> • Prefers moist well drained loam soils • Can reach 80ft, with excellent red fall colour • Acorns are a favourite for wildlife

Order Form
